

### Portfolio Objective

The portfolio aims to beat inflation by six percent over a three-year rolling period at the lowest possible cost. The portfolio will be managed to comply with Regulation 28.

### Investable Universe

In order to achieve this objective, the portfolio will invest in index tracking portfolios and assets registered in the Republic of South Africa and Offshore, across various asset classes, including but not limited to equity, fixed interest, money market and property. Majority underwritten by Momentum (MMI Group Ltd FSP 6406), guaranteeing the index return.
